NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

While we realize that it seems we just go from one fund drive to the next, we hope that you, the public, will give your generous support to the American Cancer Drive that will be held here today (Thursday).

It is doubtful if there is anyone around who has not had a friend or relative that has not been affected by this dreaded disease and it appears that the medical profession and the research teams are getting closer all the time to coming up with at least a cure for it.

But your generous support is needed if we are to find the answer to this cause of so many untimely deaths.

Please have your check ready when you are called upon tonight.

This is National Library Week and Hamlin can take justifiable pride in observing it this year because of the progress that has been made over the past few years in our library.

Where at one time it looked like the Harden Memorial Library would have to close because of lack of facilities, books and interest—it has now grown to the point where about all it really needs is more users.

Even this is growing, with the number of books being checked out increasing from about 90 a month to over 200. And this does not include the paperback exchange program where the paperback novels are exchanged one for one with no records kept.

The women of the community can take real pride in what that have accomplished with the Harden Memorial Library. Probably the biggest support for the library came when the Woman's Forum secured the support of the City on a regular basis. This not only supplies the library with a base to operate from but also qualifies them for support from several other sources.

The library is currently adding about 5 to 10 new books each month and has on loan 300 books on a rotating basis. Another added service to the people of Hamlin is the availability of any resource book in the Abilene Public Library.

We urge you to support by using it.

Noting that the people back east are always coming up with commissions to lower the price on things we produce down here, James Roberts, publisher of the Andrews County News, comes out with a suggestion that while it may be a little tongue in cheek might have merit.

He suggests that if they want to investigate the price of oil and beef and see if they can lower these prices through more imports that we should urge our congressmen and senators to start a few investigations of our own.

As an example, he says he does not like the idea of \$145 a ton for newsprint . . . so why not convene a panel to study why the northeastern mills are kiting the price of newsprint?

He also does not like the price of tanned leather from New England, Washington apples, New England fabrics, Columbia salmon, Seattle berries and especially does not like the price of money as established in New York.

It always appears easy to cut out someone else's tax break, or someone else's government program, or someone else's profit but when it gets close to home it is always easy to justify.

Maybe, as Roberts suggests, we would not be kept so busy defending our own needs for survival if we kept those nitwits up north busier defending their own pet projects.

DISTRICT MEET TODAY — The Pied Piper Track Team will be competing in the District 7-AA track meet in Anson today (Thursday) with the finals to start at 5:30. Pictured with Coach Larry Butler, right, is the Piper Sprint relay team as they show off the trophy won at San Angelo earlier this season. Also pictured is Gary Maberry, standing, left, who has the best distance going into the meet in the district in the discus. On the relay team are: left to right, kneeling, Robert Bolden and Shelton Marshall, and standing in the middle are Charles Sellers and Duane Stewart.

Ex-students Set Homecoming Date, Plan Dinner Apr. 23

Date for the 1970 annual Homecoming for Hamlin High School was set Nov. 6 at the meeting of the officers of the Ex-student Association held Thursday.

The football game will be between Anson and Hamlin on Friday evening, Nov. 6.

Final plans were made for a spaghetti supper to be held Thursday, Apr. 23, in the high school cafeteria. Serving will be from 5 to 7:30 p.m. preceding the Junior Class play.

Tickets will be \$1.00 for adults and 75c for students.

The Association made a \$50 donation of appreciation to the First Baptist Church for the use of the church's press last year in printing the Ex-students directory.

THIRD SUNDAY SINGING

The Third Sunday Singing will be held at 2 p.m. in the Foursquare Gospel Church.

Jaycee Auction Auction Raises \$1800 for Rehab Center Saturday

The community auction held Saturday evening in the Hamlin Jaycee Community Building conducted by Abilene Auction brought \$1,818.95 for West Texas Rehabilitation Center in Abilene.

Auctioneer Don Dudley, assisted by Jim Horton, and Cecil Sellers sold items from 50c to \$150. Shirley Whiteaker, also with Abilene Auction, was bookkeeper.

The personnel of Abilene Auction donated their time to the fund raising event for WTRC.

Approximately 30 persons donated merchandise to be sold at auction. More than 80 buyers were registered during the sale.

Jaycee chairman Guy Weaver was assisted by Ken Prewit and Milburn Wink in staging the auction. Others working with them were James McGough, Mr. and

Mrs. Bill Feagan and Mrs. Jerry Waggoner, who operated concessions.

The highest selling single item was an antique sideboard that had belonged to the late Mrs. C. P. Yates and had originally been in her mother's home. Donated by the Feagans, it was sold to Raymond Scifres for \$150.

A cash donation of \$150 was given by Sellers.

Buyers were from Haskell, Rotan, Lubbock, Roby and Duncanville.

The auction boosts Hamlin's contribution to the Center to \$5,184.39. This amount includes the \$3,300.00 raised in the Easter Seal Drive, the auction amount and \$65.44 raised by school children. Other contributions that have gone directly to the Center have not been tabulated in the above figures.

Wesley Boyds Set Concert Tonight

Mr. and Mrs. Wesley Boyd will be presented in concert tonight (Thursday) at 7 p.m. in the sanctuary of First United Methodist Church. They will also present slides of their native country of Ireland which they visited this past Christmas.

Those attending the service tonight are urged to wear either green or orange and the Boyds will tell why these are special colors of Ireland.

The public is cordially invited, says the pastor, Rev. Cecil Hardaway.

Blue Bonnett Cafe Sets Open House

Mrs. J. W. Maberry, owner of the Blue Bonnett Cafe, announces the formal re-opening celebration Friday. Coffee and donuts will be served from 8 a.m. to 5 p.m.

The event marks the formal re-opening of the cafe in completely remodeled quarters. Everyone is invited.

Talent Show Auditions Set

Friday night at 7:30 p.m. in the high school cafeteria area talent will audition for the Country Music and Talent Show which will be held the following Friday evening, Apr. 24.

All individuals and performing groups are being urged to audition.

Door to Door Cancer Drive Opens Tonight

The Door to Door Cancer Drive will be held here tonight (Thursday) starting just after a film is shown to workers at 5:30 p.m. in the high school cafeteria.

Mrs. LaFoy Patterson, local drive chairman invites all volunteers who can to assist in the drive. The film, she said, is produced in an entertaining, yet informative way, and prepares the workers for the drive.

In preparing for the drive, Mrs. Patterson points out some of the facts concerning cancer taken from the American Cancer Society's educational material. She says:

"As we give for research we help hasten the day when a preventive shot for cancer will be available for you and your loved ones. The government has cut the allotment for cancer by millions of dollars, so it is imperative we all give what we can to help promote this great work."

"If you can help us with the drive, we need your help."

Help us do our part to stamp out cancer, the worst killer in America today.

"Would you like to save money and add as much as 6½ years to your life? If you smoke as much as a pack of cigarettes a day you may easily be one of the one out of 20 who will have cancer. It is a proven fact that those who smoke a pack a day or more have about 20 times the lung cancer than non-smokers have."

"Did you know that the money you save by not smoking can send your child through college, or buy that new home you dream of? Is it worth the cost healthwise and moneywise to smoke?"

"If you are interested in getting help to stop smoking we have pamphlets available entitled 'If you want to Give Up Cigarettes.' These are available at Bryant Insurance Company or Southwest-

ern Bell Telephone Co."

Others assisting Mrs. Patterson are Mmes. Ken Riddle, John C. Bryant, Bobby Stubblefield, Sonny Brown, W. W. Wallace, Ewell Mackey and L. C. Bonds. Also Miss May Gay and Mr. and Mrs. I. J. Starr

City Hires West As Water Supt. Effective Nov. 1

Hamlin Mayor Hollis Madden announced this week that the City Council has hired Ellis E. West as City Superintendent of Water to replace Bill Rountree who will retire at the end of October.

West, who moved to Hamlin in 1960 as superintendent of the Mid-west Co-op Oil Mill and was named acting manager three years ago, when the mill started operating as the Plains Co-op Oil Mill, Hamlin Division.

He will begin working with Rountree sometime prior to the date of Rountree's retirement and will take over the duties effective Nov. 1, according to Madden.

As Water Superintendent, Rountree oversees all of the work of the city including the water and sewer department, the city streets, the parks and maintenance.

REV. WENDELL B. SHIREY
... new Calvary pastor

Rev. W. B. Shirey Joins Calvary Baptist As Pastor

Rev. Wendell B. Shirey, new pastor for Calvary Baptist Church, will move here soon from Sweetwater where he has been pastor of Central Baptist Church since Feb. 5, 1968.

He and his wife have three children, Judy, a senior at Sweetwater High School, a son, Doyle, 13, and a son, Leon who lives in East Texas. In Clyde he organized and built the Southside Baptist Church and served as pastor until January, 1968.

While in Sweetwater many building improvements were made.

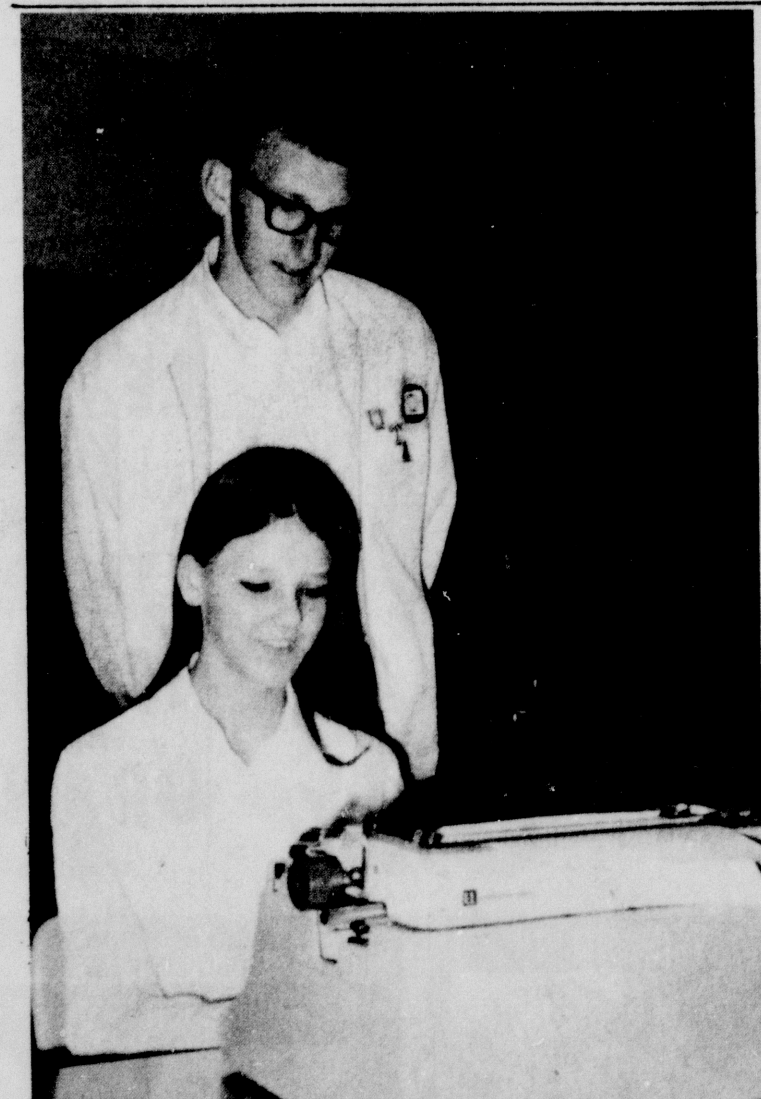

Spring Flower Show Date Set

The annual Spring Flower Show staged by the Hamlin Garden Club will be held Apr. 25 in the high school building from 3 to 6 p.m., according to Miss Lennie Greenway, publicity chairman.

"We would especially want the 'Junior Gardeners' to be looking forward to this and we are eager to have outsiders enter," Miss Greenway said. Entry blanks are available from Mrs. Arlie Casse at the office of H. O. Casse and Son.

.85 In. Rainfall

Rainfall Thursday night and early Friday morning was recorded as .85 at City Pump Station, according to Bill Rountree.

QUALIFY FOR REGIONAL—Toni Casey, seated at typewriter, first place winner in district UIL typing competition in Coleman Saturday, and Doug Elliott, second place winner in number sense, will advance to regional competition in Lubbock April 25. Toni is the daughter of Mr. and Mrs. David Casey. Doug is the son of Mr. and Mrs. Joe Hall.

FIELD CONSULTANT VISITS—Miss Vanita Lee, left, Field Consultant of Texas State Library, made a timely visit here Monday during Library Week to discuss plans for the future with Mrs. V. E. Holt, left, the librarian, and Mrs. Floyd Clifton, center, president of the Woman's Forum. Here, they look at a sample poster of those placed throughout the town advocating "Be all you can be. Read." for the observance of the special week.

Spring Tonic For Windows

To pep up a winter-weary room, try this fresh-as-spring combination: crisp white cotton pique curtains decorated with bright red rickrack roses.

Make simple cafe curtains and a valance with a V-pointed hem from white bullseye pique. Outline side hems of the curtain panels and edges of the valance with jumbo-size red rickrack.

Create a colorful border at the bottom of each curtain panel with criss-cross diamond motifs of rickrack. Using the bullseye pattern of the pique as a guide, pin rickrack in diamond shapes across the width of each panel. Then stitch in place.

Sew a snap in the center of each diamond to attach rickrack roses.

To form the roses, cut a 9-inch length of red jumbo rickrack. Roll it into a tiny "bud" and stitch through the rickrack thickness several times to secure. Make leaves from a 5-inch strip of green rickrack. Fold it accordion-fashion until there are three folds. Stitch through folds to secure. Attach each rosebud to a leaf, and then sew two rosebuds together at the base.

Sew a snap underneath the completed roses and then attach to the curtain. Roses can then be removed easily when the curtains are washed.

CHEERY OUTLOOK—White cotton pique curtains spiced with red rickrack trim give a spring-bright look to the kitchen. Rickrack edges the valance and curtains, and is stitched on in a diamond-motif to form a colorful border. Rosebuds made from Coats & Clark's jumbo cotton rickrack are snapped in place to provide easy removal for laundering.

Regina Letz is also a member of the crew and an alternate.

Mrs. Travis Bell, Mrs. Cecil Klump and Mrs. Johnnie Pumphrey attended a meeting of Beta Chi Chapter of Delta Kappa Gamma in Knox City last Saturday afternoon.

Mr. and Mrs. Wesley Biggerstaff of Spartanburg, S. C. have announced the birth of a daughter, April Renee, born April 4. The mother is the former Marva Jean Dudensing. Maternal grandparents are Mr. and Mrs. Milton Dudensing, and a maternal great-grandmother, Mrs. Adele Dudensing, also lives here. Mrs. Olga Moore of Stamford is the other maternal great-grandmother.

Mrs. Milton Dudensing flew to South Carolina to spend a week with the Biggerstaffs, returning home last Monday.

Mr. and Mrs. Lynn Flowers, accompanied by Mrs. A. L. Flowers of Stamford, were dinner guests in the home of Mr. and Mrs. Rex Flowers in Stephenville last Sunday. In the afternoon they drove over to Mingo to attend the golden wedding anniversary of his cousins, Mr. and Mrs. W. E. Davis, at the community center in Mingo.

Mr. and Mrs. T. W. Jennings, also Mr. and Mrs. Ted Jennings and children of Aspermont, attended the Jennings family reunion held at Maryneal recently.

Debra Coats of Wichita Falls spent last week here with her grandparents, Mr. and Mrs. Cliff Gholson. She accompanied them to Oklahoma where they visited Mr. Gholson's father and they then took her home and visited with her parents, Mr. and Mrs. Bob Coats.

Mr. and Mrs. J. F. Newman visited his mother, Mrs.

Ella Newman, and other relatives in Snyder last week.

E. H. Diers is a patient in the Stamford Memorial Hospital where he underwent surgery on Thursday of last week.

Olis Macon of Rule spent a day here last week visiting in the home of his sister and her husband, Mr. and Mrs. Lynn Flowers.

Mr. and Mrs. Tim Jennings and children have returned to Utah. They have been visiting with their parents, Mr. and Mrs. A. R. Sawyers and Mr. and Mrs. T. W. Jennings. Mrs. Jennings and the children spent two weeks here while he attended school in Houston.

Mike and Rita Baldree of Abilene were here last Sunday visiting their parents, Mr. and Mrs. Oren Baldree.

Many here were saddened to learn of the death of a former resident of this community, Mrs. Mary Bristow, in Stamford last week. Funeral services for Mrs. Bristow were held at the Sweet Home Baptist Church in Rule last Saturday. Two of her grandsons, Carlton and Glen Pierce, as well as other relatives and friends still live here.

Area Census Nears Completion Says District Manager

Richard R. Newton, District Manager, reports that the 1970 Census of Population and Housing is nearing completion in the area, that in about another week the census takers should have visited every residence on their lists.

Census takers began visiting households on April 1 and have been working continuously to cover their territories. The District Manager asks that householders hold their questionnaires which were delivered prior to April 1, and have them filled out, ready for the census taker to pick up. This will save time for both the householder and the census taker and speed up the completion of the census.

For every fifth household, the census taker will have a longer questionnaire which she will fill out by interviewing a member of the household. The District Manager asks householders to welcome these census takers when they call and to give them full cooperation in getting the required census information. Most of the census takers are women. Each wears a red, white, and blue identification badge which is her official credential. It bears her signature and certifies that she is authorized to perform the duties of a Census Enumerator, and has sworn to keep confidential all census information given her.

NEWS FROM ...

Sylvester

By MRS. R. M. BABB

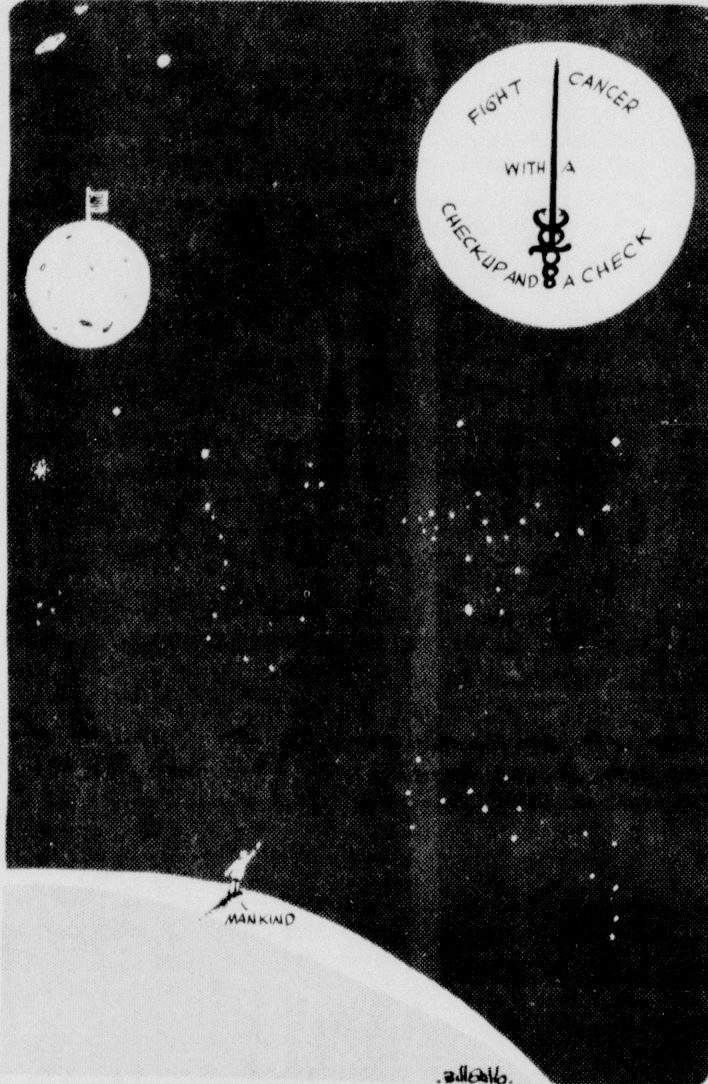

We had 46 in. of rain last week and a cool clear day Monday. Surely hope spring will soon decide to show up.

W. A. (Sonny) Montgomery and Nelda Hertel of Hamlin were married on Friday, April 10 in the evening in the E. L. Porter home in Roscoe. They will make their home in Hamlin.

Guests in the J. M. Lanning home Thursday through Friday were Major Walter Karpria and family, they were on their way to another assignment which would be for some four years in Alaska. They had just left Georgia and the Capt. Jimmy Lanning family, so the Lannings were able to get first hand information about their son and family.

Mr. and Mrs. Fred Turner spent a few days in Brownfield in the home of their son, James and Sharon and of course enjoyed the girls. Mrs. Merrill Turner of Seattle, Wash., visited her mother, Mrs. Ella Scott of Hamlin, and her brother's family, the Charles Scotts.

Joe Hernandez Issues Statement In Race for State Representative

Joe Hernandez, candidate for State Representative, District 62, Place 1, representing Jones and Taylor Counties, has issued the following statement in his bid for this office.

It is my desire to represent the people of Jones and Taylor counties. It is obvious that I do not agree with my opponent, otherwise I would not consider running against him. I cannot tell you his feelings, but I hope to compare my qualifications with his voting record. In doing so, I hope that you learn what my convictions are and how they compare with your own convictions. It is my opinion that in representing Taylor County, my opponent has failed to represent the feelings of the majority of the citizens and has sacrificed these feelings for other reasons other than representation.

In bringing Jones County to the district, I can foresee where the same representation will remain in the same manner as has been in Taylor County. On the other hand, I will be proud to represent all of the people of Jones and Taylor counties. I feel that if my views are studied and compared with my opponent's record for the past six years, I will be elected.

Among the important issues that I am certain will come to the legislature are problems dealing with education, taxation, pollution, and the growing drug question. In education, I feel I must take a strong stand on this question since the entire community is affected. These are your children and mine that we are dealing with in our educational system. Therefore, we must continue to keep our educational system

JOE HERNANDEZ
... issues statement

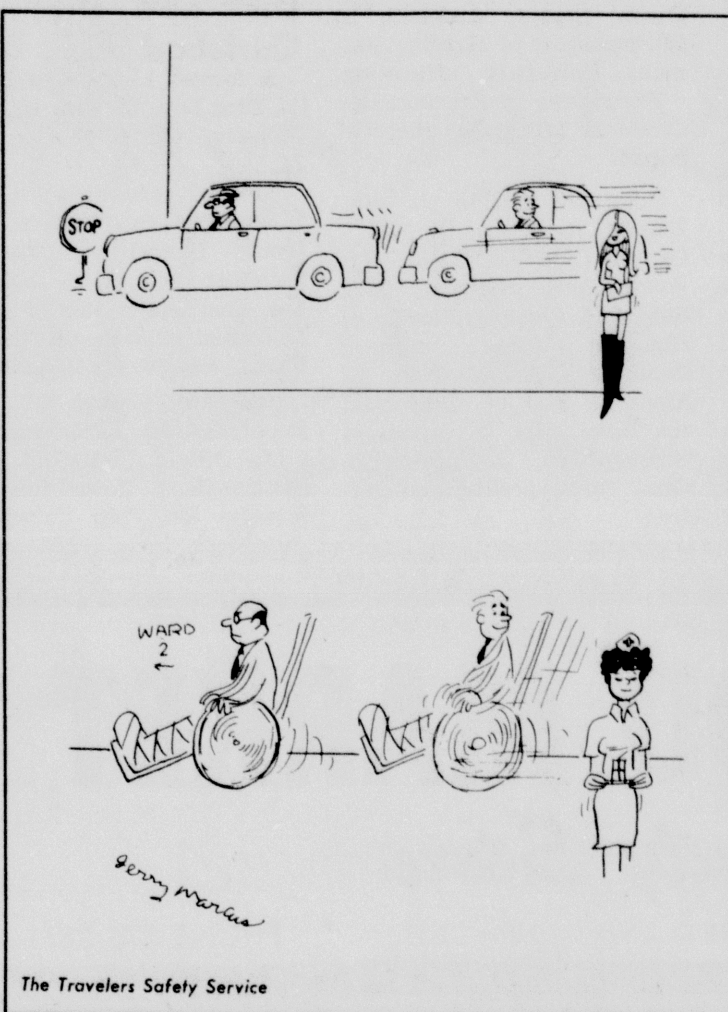

one of our biggest investments. Since our children are involved, I feel that this must be the most important issue in every legislature. My opponent has avoided issues concerning education.

Of course, taxation will be discussed in great length. The placing of food under taxable goods will be discussed. I am wholeheartedly against this kind of tax. My opponent has publicly announced that he favors such a tax since it "Only Involves Around \$8.00 Per Family Per Month." I believe that there are many other sources of revenue that we fail to touch merely due to the many strings that are now attached to our legislators.

As to the drug problem, I have faced this problem personally as my brother is a member of the Abilene Police Force dealing with the drug problem. The problem is so great, that we must continue our vigilance so that we can prevent a sudden outbreak in our two counties.

Areawide Swine Production Conference Set In Vernon May 8

The swine business is growing by "leaps and bounds" in the Rolling Plains and from the looks of things it will continue to expand rapidly during the coming months.

In an effort to provide swine producers, potential producers, lending agency personnel, agribusinessmen and others interested in the enterprise with additional information, an areawide swine production conference will be held at Vernon on May 8.

The conference will be held in the Wilbarger County Memorial Auditorium and will get under way at 1:30 p.m.

Presiding at the conference will be Bob Hillery with the First-Wichita National Bank in Wichita Falls.

I am not in favor of any reduction in our present enforcement of the drug laws. We have already done too much reduction in our present law enforcement.

On pollution, we must hit this problem as hard as possible to prevent what has happened in the Great Lakes region, on the Mississippi, and in Los Angeles.

Take these matters into consideration when you cast your vote on May 2nd. The voters can make or break our society. We must bring representation back to the citizens of these two counties.

Topics that will be discussed include "The Hog Situation in the Rolling Plains, Profit Potential of Various Size Units and Methods, Do's and Don'ts of Pork Production, Beginning Steps to Pork Production and Financing Hog Operators."

Featured speakers will include Dr. T. D. Tanksley, associate professor of animal science and Extension area farm management specialist; Jim Humphreys of Guthrie, manager of the Pitchfork Land and Cattle Co.; and Charles Graf, Vernon swine producer.

Also, Carl Black and Dr. Don Brothers, Paducah swine producers; R. D. Brown of Vernon, president of the First State Bank; J. L. Hill of Stamford, Rolling Plains Production Credit Association;

Sponsoring the conference will be the West Texas and Vernon Chambers of Commerce, Rolling Plains Pork Producers Association, Rolling Plains Economic Program, Texas Agricultural Extension Service and Texas A&M University.

News deadline is noon Tues.

Hangover cure.

Nobody likes a sloppy range. Especially if it's a result of hangover heat.

After all, heat that hangs on after your range is turned off isn't your fault. But you have to clean up after it.

However, gas ranges turn on and off instantly. No heat's left over to scorch your food, burn your pans or cause food to boil over.

Buy a new gas range, sure-cure for hangover heat.

Seeking Jobs for
Mission Trip Fund**

Jobs for the members of the Youth Choir of First Baptist Church are being sought so that the young people will be able to earn money to finance their mission trip to Colorado this summer.

Danny Oliver, director, said that any type of work is requested. He included yard work, antiquing furniture, making purses, washing cars, washing dogs and baling hay, to mention a few.

The youth will be concentrating their work on weekends.

Anyone with jobs for the choir members may contact Oliver or call the church business office or any choir member.

Charles Shira is choir president.

The mission trip June 6-15 will be to Ignacio, Colo., which is headquarters for the Ute Indian Reservation.

**Eighth Graders
Win Winters
Meet Saturday**

The Hamlin Junior High Eighth Grade Track team captured first place at the Junior Blizzard Relays held in Winters last Saturday with 94 points. Competing against 13 junior high teams, the local boys edged out Brady who came in second with 86 points.

The team will be running in the junior division of the District 7-AA meet today (Thursday) at Anson starting at 1:30. On Saturday the team will be competing in Junior High Conference meet at Anson against teams from Haskell, Rotan and Anson. The meet will start at 9 a. m.

The eighth graders scored five first places in the Winters meet, capturing the titles in both the 440 relay and the 1320. Running on the 440 team were Bill Cork, David Willis, Steve McKissack and Johnny Jones. On the 1320 were Cork, Willis, McKissack and Raul Morales. Jones took first in both the 100 yd. dash and the 220 yd. dash. Cork and Willis tied for first and second in the high jump.

Coming in second in the 880 yd. relay team was the team of Cork, Willis, Ray Seifres, and Morales.

**Field Consultant
Visits Harden
Memorial Library**

Miss Vanita Lee, Field Consultant for the Fort Worth-Abilene Major Resource areas was here Monday to talk with local workers with Harden Memorial Library. Her headquarters are in Stephenville and she makes periodic visits to libraries in the area.

Meeting with Mrs. Floyd Clifton, president of the Woman's Forum, governing body of the library, and Mrs. V. E. Holt, librarian, Miss Lee discussed ways that the local facility could be improved.

She complimented the strides made and made some suggestions for further improvement. She advocated signs being placed showing direction to the library and thought the hours should be placed on a sign that could be seen from the street.

She told the workers how to revise the card catalog system and suggested that the school library club might assist in this endeavor.

Miss Lee will send the librarian a guide for setting up a standard reference section and other materials.

FRED ALLEN
... rites held Saturday

**Funeral Services

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(April 17, 1925)

Sunday morning as Mr. and Mrs. Mathis, of Peacock were returning to their home from Abilene, their Sport Model Buick car ran off the embankment at the Abbie bridge, across California Creek. At this point there is a short curve in the road just as the bridge approach is made and from information obtained it appears that the woman was driving and the car got beyond her control, went over and came near meaning death to the occupants. Mrs. Mathis sustained a fractured arm and several cuts in the face. Another car from Abilene found the unfortunate couple and brought them into Hamlin and Drs. Bynum and Magee gave first aid treatment. The car was found to be badly damaged, yet not so bad that it could not run. Mr. and Mrs. Mathis continued their journey home in the car.

Below is one of a few interesting notes on farm activities as reported by County Agent, Tanner.

L. E. Willhite, of Lueders claims to have the world's record flock of early crowing chicks. He has over three hundred, six-week old, White Leghorns and all the cockerels crow lustily at every visitor who comes around the place. They seem to vie with one another for first honors in Chanticleer's chief pastime, spending many spare moments preening before topping off with a lusty crow which resembles that of a diminutive species of "banty."

Clyde Wilson is following the prevailing style and is adding a big sleeping two story apartment to his home. The prevailing style in Hamlin is either building new homes or rebuilding and adding to the old buildings. And their has been lots of new work of this kind in Hamlin this year.

TWENTY YEARS AGO
(April 14, 1950)

"Shag", bird dog which recently had world-wide newspaper writeups is a new Hamlin citizen who moved here about two weeks ago with his master E. D. Ashley, who works for the Parker Drilling Company here. The dog as most dog lovers will recall holds the world's record for doing without food and water for 45 days.

"Shag" fell into a well 16 feet deep in Homer, Louisiana on July 3 and was found August 19 after his master and several others had searched fruitlessly.

Ashley said he pulled snakes from the dog when he rescued her and that she weighed about 10 pounds. He then fed her 66 raw eggs and she is now in good health.

"Shag" visited a Herald reporter and seemed to be in excellent shape.

Neinda Farmers Cooperative

Gin returned \$4 a bale to producers on 6,566 bales of cotton ginned at Neinda during the 1949 season.

An increase of more than 500 cars are being driven by Jones County residents the 1950 registration discloses County Clerk Elzy Bennett.

A total of 7,966 licenses for passenger cars had been issued at an early report this week and several stragglers were still coming in.

Registration for 1949 totaled 7,425, indicating that a number of cars previously not registered in the county are this year. Also new residents and dealers of used cars helped to boost up the figure.

Members of the Hamlin Pied Piper track squad who placed in the district meet at Haskell are polishing up their forms for the regional meet at Brownwood on April 22.

High School boys who will be entered are Donald Green, in the 440 yard dash and mile relay; Don Rowland, mile relay; Harold Johnson mile relay; Asa Goodgame, mile relay, high and low hurdles and high jump; W. T. Stapler, half mile run and David Ford in the high jump.

If any of this group are successful in the Brownwood event they will be eligible for entry in the state meet at Austin.

TEN YEARS AGO
(April 14, 1960)

Annual trip of the senior class of Hamlin High School has been set this year for May 10 to 14, it was announced this week by B. V. Newberry, high school principal and supervisor of the trip. Forty-six of the 48 1960 seniors will make the trip to New Orleans.

Besides Newberry, other adults who will accompany the graduates will be Harold Williams, Dora Mitchell and Mrs. Charles Scott, class sponsors; and Mmes. Benny Ford, V. D. Shields and Thomas Ferguson, room mothers.

Money for the trip has been raised during the school year by projects of the senior class.

Contestants from Hamlin High School made a good showing at the District 6-AA Interscholastic League meet Tuesday at Haskell when they participated in competition with contestants from the other four schools—Anson, Stamford, Haskell and Seymour—in the literary events for the area.

Hamlin winners at the Haskell meet included:

Janice Richardson, first place in typing; Carol Joe Simpson, first place in number sense; Carol Joe Simpson, first place in slide rule; Geneva Brinegar, second place in slide rule; Peggy Dodd, second place in shorthand.

Danny McCurdy, first place in declamation; Cynthia Patterson, third place in declamation; Montie Wade, fourth place in typing; Pat Bigham, fourth place in shorthand.

Neinda Philosopher Says Keeping Some Farmers On Earth Necessary to Ecological Balance

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has found about this new term, ecology, his letter this week indicates.

Dear editor:

I know that talking about the farm problem these days in the midst of city problems, world problems and planetary pollution is about like trying to get a specialist on in-grown toenails on the same program with a panel of heart transplant specialists, but according to some articles I've been reading lately in every newspaper that turns up out here on this Johnson grass farm, somebody ought to be paying attention to it.

It's on account of the balance of nature.

As all these articles have been pointing out, it is necessary to keep a ecological balance on this earth if we want it tuned up and running right. Every species has its part to play in the total balance of nature.

Well now as everybody knows, farmers, who used to constitute 70 per cent of the population, have now dwindled

ed to around 8 per cent and the figure is still going down. This ought to concern people, but in the cry to protect nature's balance have you heard one word said about preserving farmers?

You mean to say it isn't as important to keep farmers on earth as it is mountain lions, bald eagles and whooping cranes?

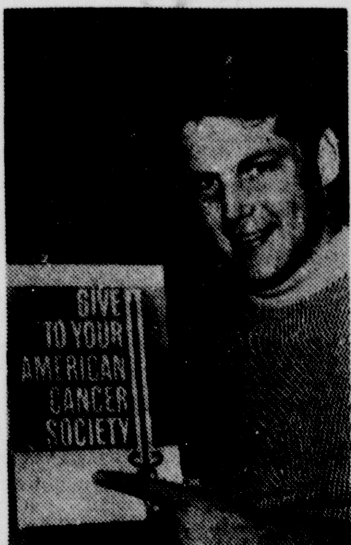

The ecologists are right, but some of them ought to get concerned about the disappearing farmer.

As you well know, man fooled around and got careless years and years ago and let the dinosaurs become extinct, and everybody knows the world has never been the same since.

I'm warning you, people may think it doesn't make any difference, may even find it impossible to name a single farmer the world couldn't get along without, may claim that losing him is no more important to ecology than throwing one beer can out your car window is to pollution, but you let them all disappear, let this become a farmer-less world, and eventually you'll notice the difference.

If nature didn't have some purpose for farmers, why were they created? You can ask the same question about editors.

Yours faithfully,
J. A.

Triumph OVER THE SEAS

"What is man . . . Thou madest him to have dominion over the works of thy hands"

God has blessed man and given him the right and power to rule over his creation. As man has needs, God has given him the knowledge and ability to meet these needs. Pictured here is only one of many such triumphs. Our nation has particularly been blessed. Let us each Sunday attend worship services and give thanks to our Lord, who is so generous.

As It Looks From Here . . .

Omar Burleson, M. C.
17th District, Texas

Omar Burleson, M. C.
17th District, Texas
WASHINGTON, D. C. — Hearings before the Ways and Means Committee continue on a revamping of medicare and medicare.

Numerous witnesses have been before the committee, including representatives of the American Medical Association, hospital associations, insurance carriers, private physicians and others who give an appraisal of present operations of these programs and make recommendations for change.

About everyone agrees that failures and weaknesses in medicare and medicare have not resulted from a lack of dollars from the Federal Government.

As has been mentioned here before, the cost of medicare and medicare has skyrocketed, much of it due to inflation but other factors have influenced it also. The effort is to search out the difficulties in our health care system and seek ways of remedying the faults.

A doctor member of the congress proposes that the Federal Government purchase annual insurance for each one qualified for medicare. He suggests that the Federal Government pay 85 percent of the average \$400 health care expense and the State assume the balance.

Under this system, the cost to the Federal Government would be approximately \$1 Billion more a year but would not be subject to unexpected escalation as is the present case. The proposal would actually intend to eliminate medicare, which is a problem to the States, and to operate one program of medicare.

The cost to those who contribute to Social Security for insurance would be .4 percent of their taxable earnings. All

others with salaries or earnings would pay on their income tax return. It is estimated that receipts from this source would total roughly \$2 Billion annually which would go into a pool of funds from which the Social Security Administration would reimburse 90 percent of medical expenses under a prescribed formula. Persons over 65, because they have medicare protection expenses, would apply to the extent of those actually paid by the individual in excess of 25 percent of his gross income.

The present Medicare Program is heavily burdened with large administrative costs involving processing rather small claims. It takes about as much time and effort to work out a small claim as it does one for catastrophic or high cost illness.

The American Medical Association recommends a type of prepaid insurance shared by the Federal Government and the various States. Some hospital associations of which there are a number recommend a "group practice" system something like a mutual insurance arrangement. In fact there are a number already in operation — some on an experimental basis. The Kaiser Company operating in the northwest States is the largest. Under this type of organization, individuals simply pay insurance in a group and the managers of the group contract with doctors and hospitals to take care of illness when it occurs.

Whatever changes may result from hearings now in progress there is no doubt about the need for some changes. Two very direct problems should be solved. The cost of health care continues to increase at a rate which will soon be beyond the reach of those who need it. The

AUSTIN — State Welfare costs may go up sharply next year if Congress passes a new Medicaid bill.

State Senate Committee on Welfare Reform heard estimates that Medicaid amendments alone will require at least \$25.9 million in additional state outlays during the coming biennium.

Burton G. Hackney, State Welfare Commissioner, predicts President Nixon's Family Assistance Plan of legislation might cost Texas a minimum of \$22 million more each year and double the number of children on state aid rolls.

Senate committee heard estimates that Medicaid changes will add more than \$6.2 million to the state's obligations for the present biennium.

While welfare officials are now optimistic over being able to continue present program levels until the next legislative sessions, they will, at best, be in debt \$13.5 million come January. That's the amount Gov. Preston Smith transferred to welfare from medical school construction funds to head off the scheduled April 1 cut in payments to the needy.

If rough estimates presented the committee are correct, the legislature will be looking at an increase of \$70 million for new programs during the next fiscal period — not to mention another \$20 million

other is more efficiency at less cost to the Government.

Since the Federal Government is in the health care business, along with the several States implementing medicare, it is a matter of trying to find better answers and to try to improve these programs before the country reaches a real crisis in health care for its citizens.

"catch-up" money carrying over from the current biennium.

If Congress places mental retardation under new limitations for inpatient services, the state could end up with another \$9 million a year in unexpected expenses for the present fiscal period.

SCHOOL FUND — Largest single piece of income for the Texas permanent school fund \$139 million, has been assured. After 11 months of discussion, School Land Board accepted a unitization agreement on the huge new sulphur deposit found in Culberson County by the Duval Corporation of Houston. Deposit is the second largest in the world. It contains 81 million long tons of sulphur. Agreement involves the drilling of 6,000 wells.

High bids on public school land oil and gas leases totaled \$31 million, representing an average of \$36.84 an acre. Twenty-two per cent of the acreage sold was in El Paso and Hudspeth counties. Land lying in Loving and Ward counties brought a bid of \$120,006, topping all others.

Second highest bid of \$113,040 was on a 1,440-acre tract of submerged coastal lands in Jefferson County.

Third highest was \$110,053 for 411 acres in Reeves County.

Receipts from the sale boosted the permanent school fund to \$839.6 million, for total increase of nearly 86 per cent in last decade.

COURTS SPEAK — Third Court of Civil Appeals held the 1969 law giving tobacco distributors 15 days to pay for cigarette tax stamps is constitutional, but State Treasurer Jesse James said he will appeal.

State Supreme Court refused the request of Fred Williams, Houston, to force Land Commissioner Jerry Sadler to make public veterans' land loan applicants.

Mrs. Donald Young Sets Neinda History To Verse Sunday

Mrs. Donald Young brought the history of the Neinda Community alive Sunday as she presented the history of the community and its early day families in verse for the 19th annual Neinda Reunion. Over 200 were in attendance for the annual gathering held in the Neinda Community Building.

John Brown was re-elected superintendent of the Neinda Cemetery by those present. M. L. Castleberry remains permanent chairman for the union, a post he was elected to a few years back. Mrs. Young, author of "Victory Through Verses," composed and delivered from memory a history in verse of the community sparked with humor and wit.

She started the history with the founding of the two churches of the community in 1889 and brought it up to the present with little incidents of the past that included most of the people that lived and grew up in the community. She told of the brush arbor meetings and the pranks of the kids, the hard times and the good times.

Pork Producers To Meet Tuesday Night In Stamford

The Central West Texas Pork Producers will meet at the Conference Room of Stamford Electric Cooperative Inc., Tuesday, Apr. 12, at 7:30 p.m.

Dr. R. M. Zirkle, who is the United States Department of Agriculture's Federal Veterinarian for this area, will have charge of the program and will cover all aspects of Disease and Sanitation, with special emphasis on the Hog Cholera Program. This should be a very informative program for all pork producers due to the recent outbreak of Hog Cholera and other diseases in our area.

All members and interested persons are urged to attend and bring their friends with them.

Paul Scott, Family Visit Parents Here

S. Sgt. Paul K. Scott and wife, Judy, and children, Rhonda and Timmy visited recently with his parents, Mr. and Mrs. Woodie Scott, 421 SW 5th. He was on leave prior to leaving for Germany Apr. 15. His family will join him in July.

Sgt. Scott entered the U. S. Army in August, 1964. He served 13 months in Korea, a year and four months in Germany and a year in Vietnam prior to returning to the states to serve as Army recruiter for a year. He was transferred to Fort Knox, Ky.,

last August.
He recently signed up for his second re-enlistment.
His wife is the former Judy Miller of Radcliff, Ky.
The Junior High Choir of

First Baptist Church will begin meeting at 5:30 p.m. on Wednesdays instead of 6:00 p.m. until the State Junior Choir Festival to be held in Big Spring Apr. 25, according to Danny Oliver, director.

Secretaries Week Set Apr. 19-26

Every year since 1952, the last full week of April has been set aside for the observance of Secretaries Week. This year the week will be observed Apr. 19-26.

Mrs. Melvin Scott, president of the Abilene chapter of National Secretaries Association (International), says that the chapter will sponsor a seminar Friday Apr. 24 on the campus of Hardin-Simmons University.

The purpose of Secretaries Week is to bring recognition to secretaries for the vital role they play in business, industry, education, government and the professions.

Softball Game

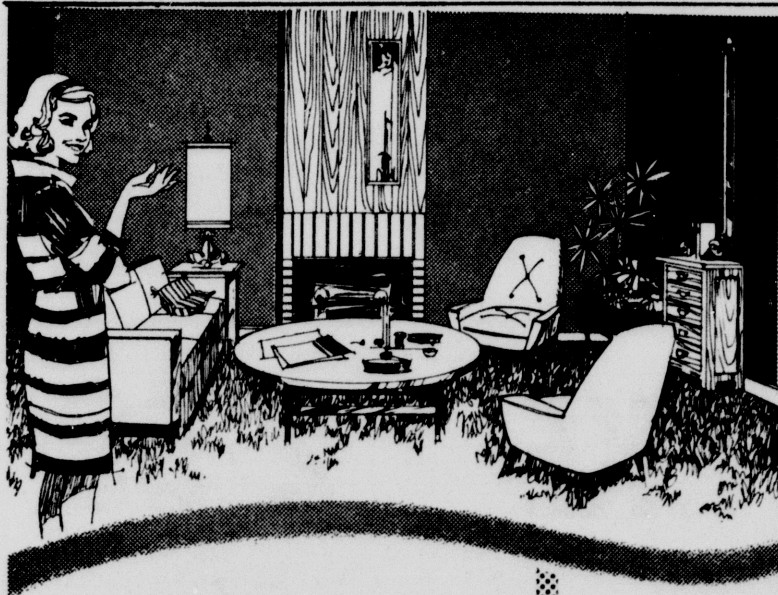

Mission No. 2 of Oak Grove Baptist Church will sponsor a softball game at 3 p.m. Saturday at Little League Park.

The public is invited to come out and enjoy the fun. The game will pit the women against the men.

Mr. and Mrs. T. E. Dixon of Carlsbad, N. M. spent Thursday night here in the home of Mr. Dixon's sister and her husband, Mr. and Mrs. W. W. Goodwin. They had been to Centerville to attend the funeral of Mrs. Dixon's brother-in-law, Mr. David Burleson. Mrs. Burleson was the former Oveta Hudson of Hamlin.

There's another Texas in Texas.

It's a Texas that doesn't make the headlines. These Trail maps will guide you there. To quiet adventures that lie far off the expressways. In old-world towns where the fragrance of baking kolaches invites you to linger. Or deep forests, serene and silent. Or lakes where giant bass challenge your skill. Or abandoned forts where

ghostly bugles blow retreat at sundown.

This is Texas for the explorer in you. And our Trail folders include detailed maps, interesting highlights and the location of parks and recreation areas in these away-from-it-all places. Pick your Trail and discover a Texas that the casual tourist seldom sees.
